

*make amends on the fractured whole*

*it's inside me*

*but not my body*

*and almost angels can pretend*

*but they don't listen*

*'cause they don't want me*

*extend again*

*means to an end*

*'cause i don't know why*

*or just how it got me*

*one shot to mend*

*what we defend*

*this life is open*

*this lie is not me*

*far proven tides*

*are feeling-wide*

*your heart wide-open*

*your soul beside me*

*if it's still here*

*one day one year*

*i'm not shaking*

*this shake you got me*

*making amends with this leaking soul*

*i'm breaking free*

*of my body*
